WEEKLY TOPICS

Week 1 — The Cross: God's Eternal Plan of Redemption
Seeing the Cross not only as an event, but as the centerpiece of God's sovereign, providential design.

Week 2 — The Finished Work of Christ
Understanding what Christ accomplished — fully, finally, and forever — and why nothing can be added to it.

Week 3 — The Great Exchange: His Life for Ours
Exploring the paradox of surrender: losing our life to find His, yielding to receive, dying to live.

Week 4 — Mutual Indwelling: Christ in Us, and Us in Christ
Discovering the mystery of union — the interactive, relational, Spirit-enabled life we share with Him.

Week 5 — The New Covenant: A Life Governed by Grace
How Christ's blood inaugurated a covenant of transformation, not performance.

Week 6 — The Spirit's Work: Formation, Renewal, and Holy Desire
Learning how the Spirit reshapes motivations, tempers attitudes, and forms Christ's life within us.

Week 7 — Yielding and Authority: The Paradox of Strength in Surrender
Understanding how humility deepens our dependence upon Christ, and how surrender allows His confidence to shape our decisions.

Week 8 — The Daily Practice of Abiding
Cultivating a life that flows from Him, through Him, and for Him — moment by moment.

Week 9 — Formation vs Information: Becoming, Not Performing
Why transformation requires participation, not performance — and why knowledge alone cannot change us.

Week 10 — Living From the Whole Measure of the Fullness of God
Seeing how union with Christ shapes our witness, our relationships, our choices, and our daily life.
